PRODUCT DESCRIPTION

Alabaster Moon Wall Light

Inspired by the serene beauty of the moon, the **Alabaster Moon Wall Light** combines natural

stone with artisan metalwork to create a striking decorative feature and ambient light source.

At its centre, a solid alabaster shade reveals the unique veining and translucent characteristics of the stone, gently diffusing light to produce a warm, inviting glow.

Mounted against a circular metal back-plate with a beautifully aged finish, the design evokes the image of a full moon suspended against a celestial halo. The contrast between the natural alabaster and the textured metallic surround creates a sophisticated balance of luxury, warmth, and contemporary style.

Whether installed in a hallway, living room, bedroom, or hospitality setting, the Alabaster Moon Wall Light serves as both an elegant lighting solution and a captivating piece of wall art. Each alabaster diffuser is naturally unique, ensuring no two lights are exactly alike.
