PRODUCT DESCRIPTION

CUSTOMIZABLE GLOBE PENDANT LIGHT

Bring a bold statement and personalized flair to your space with the **Customizable Globe Pendant Light**. Designed to blend artistic expression with functional illumination, this striking linear suspension fixture serves as both a primary light source and a unique piece of custom decor.

Key Features

- **Personalized Messaging:** Featuring a series of opal white glass globes, this fixture allows for custom lettering, names, or words (such as "THE BAR") to be displayed across the spheres.
- **Sleek Linear Architecture:** Built with a clean horizontal suspension bar and dual vertical drop rods, it offers a balanced, architectural silhouette that beautifully anchors open-concept spaces.
- **Soft, Diffused Lighting:** The spherical glass shades soften the internal light source, casting a warm, glare-free, and inviting glow across your room.
- **Tailored Aesthetic:** Engineered with customizable structural elements and stem finishes to seamlessly match your interior hardware and color palette.

Ideal Applications

- **Commercial Bars:** Instantly elevate an entertainment area or lounge with a customized focal point.
- **Hospitality & Retail:** Perfect for restaurants, cafes, or boutiques looking to showcase branding or thematic decor through lighting.

Available in bespoke sizes, and alternative configurations — this versatile fixture adapts effortlessly to your space. Please contact our [Sales Team](#) to discuss your custom requirements.

Please note - product colour variances

Due to quality variances between different monitors and the use of studio lights, the colour that appears on your screen may differ from the physical product. Please be aware of this when ordering.

E2 Contract Lighting specialises in the manufacture of bespoke lighting solutions for our clients. If you can't find what you need on our website. Contact our [Sales Team](#) who will work with you to create your ideal contract lighting solution.

Please note that this product is manufactured to order. Our current lead times mean that this product will be out for delivery 4 weeks after payment is confirmed. In the event that you wish to return this item, our made to order products are subject to a minimum 30% return fee. See our [Returns](#) page for more detail.
