PRODUCT DESCRIPTION

Antique Brass Double-Arm Wall Light with Prismatic Glass Shades

Elevate your space with this elegant antique brass double-arm wall light. Featuring a warm, aged brass finish and a classic circular backplate, the fixture's gracefully curved arms support two beautifully fluted clear glass shades that cast a soft, diffused glow.

The prismatic glass shades create subtle light patterns and a refined, vintage character, while the solid brass construction adds lasting quality and a timeless antique aesthetic. Designed for versatile installation, the sconce can be mounted with the shades facing upward or downward to suit your preferred lighting effect and room style.

Ideal for bathrooms, hallways, living rooms, or bedside use, this dual-light wall sconce delivers both ambient illumination and distinctive period charm. Perfect for those seeking authentic antique-inspired lighting with a warm, inviting presence.

Also available in, Polished Brass, Satin Brass, Bronze and Pewter.

Please note – product colour variances

Due to quality variances between different monitors and the use of studio lights, the colour that appears on your screen may differ from the physical product. Please be aware of this when ordering.
