PRODUCT DESCRIPTION

Elegant Dual-Arm Brass Wall Light with Ornate Floral Back-plate

This striking double-arm wall light combines classic craftsmanship with refined detailing. Crafted in solid brass with a warm, natural finish, it features two gracefully curved arms that sweep outward from a circular back-plate, each ending in a traditional threaded lamp holder ready for standard bulbs.

The back-plate is the standout element: a richly cast circular disc adorned with an intricate, raised floral and leaf motif that catches the light and adds depth and character. The overall silhouette is balanced and elegant—symmetrical when viewed from the front, with a distinctive double-curve profile from the side.

Available both bare (for a clean, sculptural look) or paired with clear, vertically ribbed glass shades that diffuse the light beautifully and create a soft, glowing effect when illuminated. The brass develops a subtle, authentic patina over time, enhancing its vintage appeal.

Ideal as a statement piece in hallways, bedrooms, bathrooms, or living spaces, this wall light brings timeless decorative lighting with a handcrafted feel. Suitable for hard-wiring to a standard wall box.
