Alabaster & Bronze Chandelier

Elevate your space with this striking contemporary Bronze Chandelier that masterfully blends natural alabaster with warm bronze finishes. Featuring a sophisticated sculptural design, this fixture showcases five gracefully arranged lights with soft white fabric drum shades that cast a beautiful, diffused glow when illuminated.

The chandelier's defining elements are its **genuine alabaster** accents — smooth, hand-selected stone with subtle natural veining in creamy white and soft taupe tones. These elegant oval forms are suspended from a robust **antique bronze** metal frame, creating a perfect harmony between organic texture and refined industrial styling.

Key Features:

- **Materials**: Natural alabaster stone + antique bronze-finished metal
- **Shades**: Five white linen or high-quality fabric drum shades for warm, even lighting
- **Design**: Modern minimalist silhouette with balanced proportions and clean lines

- **Configuration**: 4-light chandelier with a central stem and four extending arms
- **Finish**: Rich, warm bronze that complements both modern and transitional interiors

This versatile piece works beautifully in dining rooms, living rooms, foyers, or above kitchen islands. The alabaster diffusers create a soft, luxurious ambient light while the bronze hardware adds warmth and sophistication.

Style: Modern / Contemporary / Mid-Century Modern influences **Mood:** Warm, elegant, and timeless

A stunning statement lighting fixture that pairs natural materials with modern geometry for a truly elevated look. Perfect for designers and homeowners seeking a high-end, distinctive centerpiece.
