PRODUCT DESCRIPTION

Alabaster and Bronze Wall Light with Shade

Elevate your space with this sophisticated contemporary Bronze Wall Light, masterfully combining natural alabaster and rich bronze finishes for a timeless yet modern look.

The fixture features a striking **natural alabaster** oblong body with subtle veining, which diffuses light beautifully to create a warm, inviting glow. Capped by a tapered **off-white fabric shade**, it provides both ambient and task lighting while maintaining an elegant silhouette. The alabaster element is complemented by sleek, dark **oil-rubbed bronze** hardware, including a solid rectangular wall plate, clean arms, and vertical rods that add architectural interest and visual balance.

Key Features:

- **Materials**: Genuine alabaster stone + premium bronze metalwork
- **Shade**: High-quality off-white fabric lampshade (included)

- **Design**: Transitional / Modern elegance
- **Finish**: Dark bronze with natural stone variations (each piece is unique due to the natural alabaster)
- **Light Source**: Accommodates standard E14 bulbs (not included)

Perfect for hallways, bedrooms, living rooms, powder rooms, or flanking a mirror or artwork, this wall light adds refined luxury and soft illumination to any interior. Its clean lines and premium materials make it equally suited to both classic and contemporary settings.

A beautiful fusion of organic texture and metallic sophistication — ideal for those who appreciate understated elegance.

Please note - product colour variances
Due to quality variances between different monitors and the use of studio lights, the colour that appears on your screen may differ from the physical product. Please be aware of this when ordering.
