PRODUCT DESCRIPTION

Elevate your interior with this Pendant LED Light in Alabaster and Bronze, an elegant luminaire that blends minimalist sophistication with natural materials. Featuring a built-in 70W LED module that casts a warm 3000K glow, this pendant offers a soft, inviting ambience well suited to dining areas, bedrooms, or boutique commercial spaces. Its natural alabaster diffuser gently softens the illumination, creating a calm, handcrafted aesthetic, while the bronze-finish metal canopy and stem lend understated contrast. Designed for indoor use (typically IP20 rated), this fixture presents energy-efficient, low-glare lighting in a balanced, refined silhouette that complements contemporary, transitional, or classic décor styles.
