PRODUCT DESCRIPTION

Illuminate your interiors with refined elegance using this Pendant LED Light in Alabaster and Black, featuring a high-performance 150W integrated LED module delivering approximately 880lm at a warm 3000K colour temperature and compatibility with standard Triac dimming systems. Suspended on a sleek black aluminium stem, the natural alabaster diffuser softens and diffuses light gracefully, creating a calm, ambient glow with minimal glare—perfect for over dining tables, kitchen islands, or boutique hospitality settings. Its understated black-and-alabaster duo blends minimalist sophistication with tactile organic materials, offering a timeless addition to modern, transitional, or classic interiors. With its adjustable cable reaching up to around 200cm, indoor IP20 rating, energy-efficient design, and premium craftsmanship, this pendant embodies artisanal quality and functional charm for residential or commercial projects alike.
