### PRODUCT DESCRIPTION

Illuminate large spaces with warm elegance using this Round Pendant LED Light in Alabaster and Bronze. This stunning 350W integrated LED pendant casts a generous warm white glow at 30000K, making it ideal for dining rooms, hotel lobbies, reception areas, or spacious living zones. The natural alabaster diffuser gently softens and diffuses the light, creating a serene, ambient atmosphere with minimal glare, while the bronze-finish metal frame adds refined contrast and artisanal character. Designed for indoor use (typically IP20 rated), this fixture epitomizes energy-efficient performance and timeless aesthetics.
