PRODUCT DESCRIPTION

Bring understated sophistication to your interiors with this Wall LED Light in Alabaster and Bronze. This elegant fixture features a built‑in 14 W LED module that emits a comfortable 3000 K warm white glow—perfect for creating cosy, ambient lighting in hallways, living areas, bedrooms, or hospitality environments. Paired with a bronze‑finish metal base, the natural alabaster shade diffuses light gently, casting a soft, warm aura that minimizes glare while enhancing visual comfort. Its artisanal materials—metal and stone—lend lasting quality and a timeless aesthetic, ideal for contemporary, transitional, or classic décor schemes. With high energy efficiency, low maintenance, and warm-tone illumination, this IP20-rated wall light is designed for indoor use, offering both practical function and subtle decorative appeal in residential or commercial settings.
