PRODUCT DESCRIPTION

Elevate your interior lighting with this pendant LED light, showcasing a sleek bronze-finish metal canopy and stem elegantly paired with a natural alabaster shade. The integrated 70W LED emits a cosy 3000K warm white glow, delivering soft illumination with minimal glare—perfect for creating a calm, ambient atmosphere in dining areas, kitchens, bedrooms, or smaller hospitality zones. The alabaster diffuser gently disperses light, producing a serene, warm aura and adding an organic, handcrafted touch to your décor. Designed for indoor use (typically IP20 rated), this pendant blends minimalist sophistication with timeless craftsmanship. Its understated bronze tones and natural stone lend it a balanced aesthetic that complements contemporary, transitional, or classic spaces alike. With energy-efficient performance, artisanal materials, and a gentle downward glow, this pendant is ideal for cosy task lighting or soft accent illumination.
