PRODUCT DESCRIPTION

Illuminate your artwork or displays with this Raw Unlacquered Brass Wall Poster Light. Handcrafted from solid brass, it is left unlacquered so the finish naturally develops a warm patina over time.

The adjustable arm and directional shade provide precise lighting, making it ideal for posters, artwork, or architectural features. Durable, timeless, and versatile, this unlacquered brass wall light complements both classic and contemporary interiors.

Key features: Solid brass, raw unlacquered finish (ages naturally), adjustable design, perfect for artwork, posters, and feature walls.
