THE FUTURE OF DOWNLIGHTS

The main feature of this new surface light fitting is a mounting system that requires no screws for securing it to the back-plate.

This distinctive characteristic provides clean cylindrical illuminance with numerous strengths, design finishes and accessories, making it ideal for spaces where uniform lighting and optimum performance is required.

Extruded aluminium body, available in white and black, combined with numerous decorative and functional accessories, including an efficient 7W or 13W LED CREE to provide the fixture with high light flow in a very compact unit.

HOW DOES IT WORK?

VISUAL CONFORT (OPTIONAL)

Black Visual comfort accessory (optional)

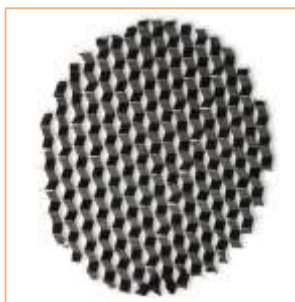

Material : Polycarbonate
Finish : Black
Height : 27mm
Width : 78mm

White Visual comfort accessory (optional)

Material : Polycarbonate
Finish : White
Height : 27mm
Width : 78mm

HONEYCOMB

Honeycomb Accessory (optional)

Material : Aluminium
Finish : Black
Height : 2mm
Width : 54mm

FRAMES

Satin Aluminium Round Frame

Material / Finish : Satin aluminium
Height : 27mm
Width : 78mm
Rotation Angle : 20°
IP : IP23

Black Aluminium Round Frame

Material / Finish: Aluminium / Black
Height : 27mm
Width : 78mm
Rotation Angle : 20°
IP : IP23

White Aluminium Round Frame

Material / Finish: Satin aluminium / White
Height : 27mm
Width : 78mm
Rotation Angle : 20°
IP : IP23

Chrome Aluminium Round Frame

Material / Finish: Satin aluminium / Chrome
Height : 27mm
Width : 78mm
Rotation Angle : 20°
IP : IP23

White Aluminium Square Frame

Material / Finish: Satin aluminium / White
Height : 25mm
Width : 78mm
Rotation Angle : 20°
IP : IP23

FRAMES

Satin Aluminium Square Frame

Material / Finish : Satin aluminium
Height : 27mm
Width : 78mm
Rotation Angle : 20°
IP : IP23

Black Aluminium Square Frame

Material / Finish: Satin aluminium / Black
Height : 27mm
Width : 78mm
Rotation Angle : 20°
IP : IP23

White Aluminium Square Frame

Material / Finish: Satin aluminium / White
Height : 27mm
Width : 78mm
Rotation Angle : 20°
IP : IP23

Chrome Aluminium Square Frame

Material / Finish: Satin aluminium / Chrome
Height : 32mm
Width : 93mm
IP : IP65

Satin Aluminium Square Frame

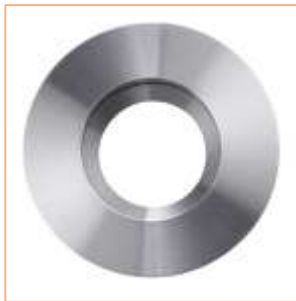

Material / Finish: Satin aluminium
Height : 32mm
Width : 93mm
IP : IP65

FRAMES

White Aluminium Square Frame

Material / Finish : Satin aluminium / White
Height : 32mm
Width : 93mm
IP : IP65

Satin Aluminium Round Frame

Material / Finish: Satin aluminium
Height : 32mm
Width : 93mm
IP : IP65

White Aluminium Round Frame

Material / Finish: Satin aluminium / White
Height : 32mm
Width : 93mm
IP : IP65

Chrome Aluminium Round Frame

Material / Finish: Satin aluminium / Chrome
Height : 32mm
Width : 93mm
Rotation Angle : 20°
IP : IP65

White Aluminium Round Frame

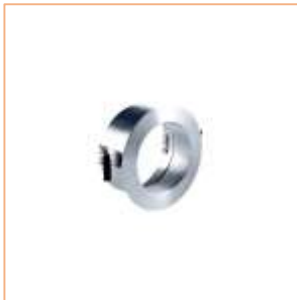

Material / Finish: Satin aluminium / White
Height : 49mm
Width : 90mm
Rotation Angle : 20°
IP : IP54

FRAMES

White Aluminium Round Frame

Material / Finish : Satin aluminium / White
Height : 32mm
Width : 65mm
IP : IP54

Satin Aluminium Round Frame

Material / Finish: Satin aluminium
Height : 32mm

Material : Abs
Finish : Black
Height : 51mm
Width : 70mm

Square Directional Gold Deco Reflector

Material : Abs
Finish : Gold
Height : 51mm
Width : 70mm

LAMPS

LED 7W / Transparent Methacrylate Diffuser

Structure Material : Polycarbonate / aluminium

Diffuser Material : Methacrylate

Diffuser Finish : Transparent

Finish : White / black

Lamp : LED 7W

CRI : 80

Lumens : 657.00

Lens Angle : 30°

IP : IP20

Height : 66mm

Width : 48mm

Available with or without multi voltage gear on enquiry.

LED 13W / Transparent Methacrylate Diffuser

Structure Material : Polycarbonate / aluminium

Diffuser Material : Methacrylate

Diffuser Finish : Transparent

Finish : White / black

Lamp : LED 13W

CRI : 90

Lumens : 1152.00

Lens Angle : 30°

IP : IP20

Height : 86mm

Width : 48mm

Available with or without multi voltage gear on enquiry.

LAMPS

LED 13W / Transparent Methacrylate Diffuser

Structure Material : Polycarbonate / aluminium

Diffuser Material : Methacrylate

Diffuser Finish : Transparent

Finish : White / black

Lamp : LED 13W

CRI : 80

Lumens : 1526.00

Lens Angle : 30°

IP : IP20

Height : 86mm

Width : 48mm

Available with or without multi voltage gear on enquiry.

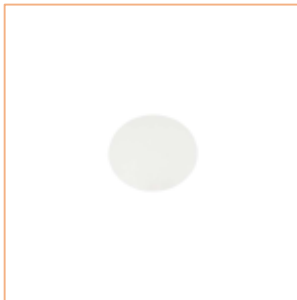

LENS

Lens

Material : Methacrylate
Finish : Transparent
Height : 21mm
Width : 44mm

DIFFUSERS

20 x Square Diffuser

Material : Polycarbonate
Finish : Transparent
Height : 2mm
Width : 47mm

20 x Elliptical Diffuser

Material : Polycarbonate
Finish : Transparent
Height : 2mm
Width : 47mm
